Comment:

One train carrying about 30 trucks, 8 AT guns and 10 field guns, left the SCHMIDT main railroad station in the afternoon of 30 September 1949 heading south.

Comment:

Artillery firing practices were held in the FAHRENBURG-GOLDENSTAEDT-LEWITZWILDE area in July 1949, presumably by component units of both the IV Arty Corps and the 18th Lecc Div. It is considered credible that artillery units of the 94th Gds Rgt Rifle Div held field practices in the area east of the JASCHITZ Forest in September 1949.
